Post Treatment Follow up Email Series

Subject Line: Good 'vibes' 🍀 to slim down faster

Your **lymphatic system** = the **garbage disposal** for your body

- **Daily workload** of eliminating the pollutants you breathe, the toxins from the processed foods you eat, the poisons from the cleaning agents you use, and the toxins from the sugars and alcohol you consume.
- **Extra workload** of processing and ridding the debris left behind from your SculpSure treatment.

WARNING!

The lymphatic system has NO PUMP and relies on muscle activity to circulate.

Your lymphatic system needs your help! 🏃‍♀️

Retained toxins can lead to fat gain and weight gain

You must take action to keep the toxins moving out of your body

Get faster, optimum reduction 👚 with the Vibe-Away!*

The rapid muscle contractions from the vibrating action moves the lymph along by creating muscle movement that your lymphatic system needs to open up, drain, and then close down the lymph draining process. And...it takes just 10 minutes.

Drop in anytime and all the time!
